

# Greetings

Providing traditional cuisine since our establishment in 1923...  
Our restaurant's name, the Akasaka Fukinuki,  
was derived from the name of a Japanese-style restaurant in Gifu.  
The former owner of our restaurant was trained in that restaurant  
when he was young, and was allowed by them to use this name  
when he opened his own restaurant here in Akasaka.  
“Fukinuki” is written in Chinese characters as 富貴貫.  
The name means “being noble (富貴) and remaining noble (貫)”.  
This is the strong message the restaurant intends:  
We'll keep serving diners excellent food under all conditions.  
Please enjoy the original taste of our eel dishes,  
outstanding for their use of good raw materials,  
the best cooking methods, and superior presentation.
